Tavonda Hudson Awarded \$5,000 Counseling Fellowship From NBCC and Affiliates

Macon, GA—The NBCC Foundation, an affiliate of the National Board for Certified Counselors (NBCC), recently selected Tavonda Hudson of Atlanta, Georgia, for the NBCC Minority Fellowship Program-Youth (MFP-Y). As an NBCC MFP-Y Fellow, Hudson will receive funding and training to support her education and facilitate her service to underserved minority populations, with a specific focus on transition age youth (ages 16–25).

The NBCC MFP-Y is made possible by a grant awarded to NBCC by the Substance Abuse and Mental Health Services Administration (SAMHSA) in September 2014. The Foundation is contracted by NBCC to administer the NBCC MFP-Y, as well as training and collaboration activities, such as [webinars](#), that are open to all National Certified Counselors (NCCs). The goal of the program is to reduce health disparities and improve behavioral health care outcomes for racially and ethnically diverse populations by increasing the available number of culturally competent behavioral health professionals.

The NBCC MFP will distribute \$5,000 to Hudson and the 39 other master's-level counseling students selected to receive the fellowship award. Hudson is a graduate of Georgia State University in Atlanta and is currently a master's student in the clinical mental health counseling program at Mercer University in Macon, Georgia. Upon graduation, Hudson plans to serve college students from underserved populations. She would like to assist students who are transitioning from late adolescence to young adulthood with emotional and mental health support. She hopes the fellowship will provide resources to assist her in reducing mental health disparities and creating programs to raise the awareness of mental health and wellness in an underserved community. She also hopes the fellowship will help her to become a culturally competent counselor.

The Foundation plans to open the next NBCC MFP-Y application period in September 2015. To learn more about the NBCC MFP and its fellows, please visit www.nbccf.org.
