Carol Lorraine Quinn Awarded \$8,000 Counseling Fellowship From NBCC and Affiliates

Baton Rouge, LA—The NBCC Foundation, an affiliate of the National Board for Certified Counselors (NBCC), recently selected Carol Lorraine Quinn of Baton Rouge, Louisiana, for the NBCC Minority Fellowship Program-Youth (MFP-Y). As an NBCC MFP-Y Fellow, Quinn will receive funding and training to support her education and facilitate her service to underserved minority populations, with a specific focus on transition-age youth (ages 16–25).

The NBCC MFP-Y is made possible by a grant awarded to NBCC by the Substance Abuse and Mental Health Services Administration (SAMHSA) in September 2014. The Foundation is contracted by NBCC to administer the NBCC MFP-Y, as well as training and collaboration activities, such as [webinars](#), that are open to all National Certified Counselors (NCCs). The goal of the program is to reduce health disparities and improve behavioral health care outcomes for racially and ethnically diverse populations by increasing the

number of available culturally competent behavioral health professionals.

The NBCC MFP will distribute \$8,000 education awards to Quinn and the 29 other master's-level counseling students selected to receive the fellowship award. Quinn is a graduate of the University of Mary Washington, in Fredericksburg, Virginia, and is currently pursuing a master's in the counselor education program at Louisiana State University, in Baton Rouge. After graduating in May 2019, Quinn intends to expand her experience in play therapy and group-based interventions. Recognizing that most of counseling's best practices are normed on non-diverse populations, she is particularly interested in generating and presenting research in this area. As a former self-contained special education teacher, student outcomes remain close to her heart and she is eager to support college and career readiness initiatives. As a fellowship recipient, Quinn looks forward to collaborating with established and upcoming advocates as well as becoming an active member of the Association for Multicultural Counseling and Development (AMCD).

The NBCC Foundation has also awarded 23 \$20,000 [doctoral fellowships](#) through the Minority Fellowship Program and 34 master's-level fellowships of up to \$11,000 through the [MFP-Addictions Counselors](#) (MFP-AC). The Foundation plans to open the next NBCC MFP-Y application period in fall 2018. To learn more about the NBCC MFP and its fellows, please visit <http://www.nbccf.org/Programs/Fellows>.
