Michelle M. Zeller Receives Military Scholarship From the NBCC Foundation

Wheaton, IL—The NBCC Foundation, an affiliate of the National Board for Certified Counselors, Inc. (NBCC), recently awarded an \$8,000 2018 NBCC Foundation military scholarship to Michelle M. Zeller, of Wheaton, Illinois. The military scholarship is awarded to service members, veterans, and their spouses who are pursuing a counseling education and commit to serving fellow military personnel, veterans, and families upon graduation.

The mission of the NBCC Foundation is to leverage the power of counseling by strategically focusing resources for positive change. The military scholarship was created in 2009 to increase access to counselors for military personnel, veterans, and families suffering from a shortage of available mental health professionals. More than 40 students from across the country applied for the six 2018 military scholarships.

As a military scholarship recipient, Zeller will receive \$8,000 to support her counseling education and recognize her commitment to the underserved. A graduate of South University, in Savannah, Georgia, Zeller is currently a master's student in the clinical mental health counseling program at Troy University, in Alabama. Upon graduation, Zeller intends to use her combined experience as a Department of the Army civilian and military spouse along with her master's degree to help service members, veterans, and their families navigate the deployment cycle, ease transitions, and increase resiliency. Furthermore, Zeller looks forward to researching and publishing additional scholarly articles on trauma and military life in hopes of advocating for military populations and educating civilian organizations and other counselors. Earning this scholarship will allow Zeller to expand her knowledge of efficacious treatments for military members and their families through additional training and coursework.

The NBCC Foundation has also awarded six \$8,000 [rural scholarships](#) to increase the number of counselors serving rural areas. The Foundation plans to continue offering scholarships to increase the number of counselors in the areas where they are needed most and will open the next application period in fall 2018.
